

# WEBB for Mayor

June 6, 1991

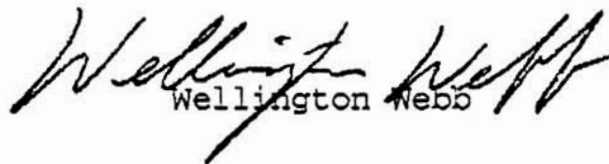

Dear David,

This letter is to express my appreciation for your work on my behalf with the Colorado Firearms Coalition and the National Rifle Association.

Although I continue to oppose "assault weapons," I do support the citizens' constitutional right "to keep and bear arms." I will inform any Chief of Police who works in my administration of my views. I do not believe that a citizen should have to prove some unique "need" to be issued a permit.

I believe that any Denver resident who has passed a thorough background check and paid the required fee should be issued a permit to carry an unconcealed, legal weapon.

Sincerely,

  
Wellington Webb
